Hilton Grows Presence in Dallas

Wednesday February 8th, 2017 - 10:59AM

Hilton Garden Inn Dallas/Arlington South

MCLEAN, VA—Hilton is growing its presence in the Dallas-Fort Worth market, with three new properties—Hilton Garden Inn Dallas/Arlington South; Hampton Inn & Suites by Hilton Dallas/Richardson; and Hampton Inn & Suites by Hilton Dallas-Central Expy North Park Area.

“This influx of companies, jobs and people to Texas in general has contributed to a vibrant scene for the travel and tourism industry,” said Phil Cordell, global head, focused service brands, Hilton. “This has created an opportunity for two of our most popular and well-known global brands—Hilton Garden Inn and Hampton by Hilton—to capitalize on this trend.”

At the Hilton Garden Inn Dallas/Arlington South, guestrooms and suites have ergonomic desk chairs, an in-room hospitality center, and Keurig coffeemaker. On-site dining options include The Garden Grille & Bar and the Pavilion Pantry. Other amenities include a fitness center, outdoor patio area with fire pit, as well as a waterfall and pool. There is complimentary WiFi, flexible meeting space for up to 350 people and a 24-hour business center.

Hampton Inn & Suites by Hilton Dallas/Richardson is located in the city’s business hub and accessible to major corporate headquarters. The 24-hour business center has audio/visual equipment rental and printing services. Complimentary WiFi is available.

The Hampton Inn & Suites by Hilton Dallas-Central Expy North Park Area will open this month and will be close to downtown Dallas, restaurants and nightlife. Suites will have a separate living area, wet bar and sofa bed. Local photography and art showcased in the lobby will provide a sense of place.
